A SELECTION OF THIS WEEK'S PRACTICE COMMENTS

Workload has increased dramatically due to ELHT discharge and hospital letters debacle.
Winter pressures are kicking in, staff illness increasing

Staff sickness impacting reception and workflow.

GPAS CHANGE SINCE LAST SITREP

	Last Week	This Week	Trend	Note
Blackpool			→	
Fylde & Wyre			↑	OPEL 1 to OPEL 2
Morecambe Bay			→	
West Lancs			→	
Greater Preston			↓	OPEL 3 to OPEL 2
Chorley & S. Ribble			→	
East Lancs			→	
Blackburn W/Darwen			→	
North Cumbria			→	

A QUICK GUIDE TO THE GPAS STATES

-  **BLACK** Practice will fail within one month. Urgent system intervention required.
-  **RED** Sustainable in the short term. Needs system support.
-  **AMBER** Sustainable in the medium term (6 months max). Probably needs system support.
-  **GREEN** Fully Sustainable.

LMC NOTE:

Over half of Practices have submitted data this week - thank you to those for providing us with this vital data. We urge Practices that have not sent us their data to please complete the form each week to help us understand the pressures in General Practice so that we can present this to the wider system.

(1) This figure is accurate and is the sum of the list sizes submitting from those Practices registering as amber, Red and Black
 (2) This figure is approximate and calculated by using the clinical activity figure for Lancashire & Cumbria multiplied by 5
